

## Girls Like Me

Tanya Tucker

Some girls have someone  
They can rely on  
They got a mailbox made for two  
And i feel the same need  
To have someone to lean on  
But that is something i never learned to do

Girls like me  
We believe in  
Action found on some secluded beach  
Its hard to please a paperback dreamer always holding on to something out of reach  
Love may never come that easily  
To girls like me

Once i had a new love  
I gave my heart to  
Oh but i couldn't make that feeling stay  
And all the love he showed me  
Just couldn't hold me  
Once the magic slipped away

Girls like me  
Still believe in  
Love embracing on some lonely street  
It is hard to be  
A paperback dreamer  
Always holding on  
To something out of reach  
Maybe love was never meant to be  
For girls like me

Surely there is someone out there waiting

Some romantic dreamer  
Who still believes  
In girls like me

Oh oh
