

It's Nice to Be with You

Tanya Tucker

Hey look what you have done showin' me the sun
And now it's shinin' through it's nice to be with you

Hey I like the things you say and I like the way
You do the things you do it's nice to be with you

Each time that I give my heart to someone new
They just paint it blue but this time is my time
And my time is all the time I have to spend with you

So please never go away say you're gonna stay
And make my dreams come true it's so nice to be with you

So please never go away...
