```
I swore when he hurt me so
I wouldn't see him anymore
But today he called my name
Ooh, I could feel the same old flame
Should I do it
Should I fall
Should I do it
After all
Is it crazy, is it right
I really wanna love him tonight
Should I do it
Should I play
Can I help it anyway
When I feel him hold me tight
I'm gonna turn on like a light
I know when we're in his car
I couldn't go just so far
I wanna give him everything
So, when I hear the telephone ring, yeah
Should I do it
Should I fall
Should I do it
After all
Is it crazy, is it right
I really wanna love him tonight
Should I do it
Should I play
Can I help it anyway
When I feel him hold me tight
I'm gonna turn on like a light
Oh, I'm so lonely and he's so fine
Maybe I should swallow my pride
Just one, one more time, yeah
Baby, I've got to know
Should I do it
Should I fall
Should I do it
After all
Is it crazy, is it right
I really wanna love him tonight
Should I do it
Should I play
Can I help it anyway
When I feel him hold me tight
I'm gonna turn on like a light
Should I do it
Should I do it
Should I do it
Should I do it
```

Should I do it....
