

## Hidee Ho

Tapes 'n Tapes

Win my diamonds and will your bones  
They've been up around a few  
All of these liars they come in the night  
It's all been abused  
I been down, been around holding  
Hide  
Hide  
Hide  
I am your house and you are my soul inside it's true  
All of these signs and all through the night it's all I been ab  
used  
Hand I been down been around holding  
Hide hide  
Hide hide
