

# No One Else To Blame

Taproot

So you think that you need more friends?  
In the end, they'll betray you  
Don't you have enough confidence?  
No regrets, I can teach you

Don't build a wall up just to tear it down  
Nowhere to fall when you're already on the ground

There's no secrets when you're all alone  
There's no reason that you'll learn to know  
There's no answers, only questions sake  
'Tis the season, no one else to blame  
There's no one else to blame  
There's no one else to blame

So you're thinking you'll follow trends?  
In the end, you won't be you  
Can't you see through the social threads?  
We're all depressed and will kill you

Don't build a wall up just to tear it down  
Nowhere to fall unless you're already on the ground

There's no secrets when you're all alone  
There's no reason that you'll learn to know  
There's no answers, only questions sake  
'Tis the season, no one else to blame  
There's no one else to blame  
There's no one else to blame

Nowhere to fall when you're already on the ground

There's no secrets when you're all alone  
There's no reason that you'll learn to know  
There's no answers, only questions sake  
'Tis the season, no one else to blame  
There's no secrets when you're all alone  
There's no reason that you'll learn to know  
There's no answers, only questions sake  
'Tis the season, no one else to blame  
There's no one else to blame  
There's no one else to blame
