

You

Tarot

I may no longer be your friend
but this much I know.
I'm still me.
Away you turn if you are scared.
Walk into the black.
Yeah, I'm still me.

You, forgotten you, forsaken you, forever you!

You had the nerve to say,
that I've lost the way.
I'm still me.
After losing sanity,
together you and me,
guess who still walks free. It's not...

You, forgotten you, forsaken you, forever you!

This anger, with hunger.
You've chosen to hold on
to your bitter needs.

You lost yourself somewhere.
Blamed me for not being there,
not loving a stranger, that was...

You, forgotten you, forsaken you, forever you!

FUCK YOU!
