

Dangerous Waters

Tarrus Riley

Oy Oh-Oh-Oyy
(Yo Izy, are you kidding me?)
Oy

I know we made a false start
Missing you and burning up baby
Never ment to take your heart
Its dangerous to play a game like this
Didn't want to get my heart involved
Cause you something like a shooting star baby
One day you'll here and gone
And you got me wanting more

Feelings that am getting, I don't really get it
Got me in my feelings but am dealing with it
Used to fly to Jamaica to Miami
Chilling in the land of the lavish
She don't want no style and she's dealing with it
Plus she got a man that she's living with
But she's looking single on the Gram
And she liking all my pics like a fan

Woieeee, am into you now
All these feelings floating around
Woiee, don't let me drown
I need you to come save me now

Feels like, it's just some dangerous waters
Drowning in dangerous waters
It's just some dangerous waters
Don't let me drown

Despite what you think, I won't let you sink
Am keeping your head above water
Am loyal for real yes you know the deal
And these are the things that you'd fall for
You full a chat but it nuh look like seh yuh ready yet
Talk one bag a things and dat nuh relevant
Cause when you come around him ago vanish
I know you kinda shy but don't Panic

Woieeee, am into you now
Got these feelings floating around
Woiee, don't let me drown
I need you to come save me now

Feels like, it's just some dangerous waters
Jumping into dangerous waters
It's just some dangerous waters
Don't let me drown

I know we made a false start
Missing you and burning up baby
I didn't mean to take your heart
It's dangerous to play a game like this
Didn't want to get my heart on fire
Cause you something like a shooting star baby

One day you'll here and gone
And you got me wanting more
It's just some dangerous waters
Drowning in dangerous waters
It's just some dangerous waters
Don't let me drown
Nooooooooo
