

Never Leave I

Tarrus Riley

I careless bout workers of iniquity
Rastafari is my security
Chimney

And am o going out and coming in
Never leave I jah jah
And keep mi far from vampires
And am o going out and coming in
Keep mi by your right hand
And keep mi far from Satan

Oily walk with mi
Talk to mi
Show mi the thoughts in dem heart fi mi
Mi deh pon mi journey dem cyan si mi
Dem a pray fi si mi car right off wid mi
Be a shield fi mi
Revealed to mi
The bad card wa dem a deal an gimmi
You never hesitate fi buss di seal fi mi
Oily oily

More time mi cyan believe
Feel fi greeve
Flesh dem a tear and dem coming at me
The bible tell mi bout a lashing of teeth
Mi think a joke but now the jokes on me
Stay with me
Oily high clear di stage fi mi
Dem smile in a mi face unu a dig a grave fi mi
So when mi touch di road jah jah a rave with mi

And mi a strive with those wa strive with me
Fight against dem wa a fight against we
Chimney ohhh sing it
