

Coma

Tash Sultana

Please don't follow me down
No, I won't go

Maybe I should write it in a letter
Maybe I should probably let you know

That I
I've seen this all before
Ooh-ooh
And I
Don't need this no more
Ooh-ooh

It was cold and dark in the middle of the night
Laying on your floor
We're filled with substance abuse
And my heart told me many things
But my head told me to stay away from you
Ooh-ooh

And I
I've seen this all before
Ooh-ooh
And I
Don't need this no more
No more, no more, no more, no more
