

# Jungle

Tash Sultana

I see the way you move  
It's so fluid  
Be here by my side  
Got nothing to hide

Know that you're hurting  
I see the tears behind those eyes  
And I can't wipe them clear  
Your love was like gold to me

But you hold me closer to the light  
Wouldn't find the bullet inside  
Unless you magnified  
But you throw me into the deep end  
Expect me to know how to swim  
And I, I put my faith inside my hands  
Cause I will be just fine

Welcome to the jungle  
Are you gonna dance with me?  
Welcome to the jungle  
You got to close your eyes and see  
Welcome to the jungle  
Are you gonna dance with me?  
Well, no nah  
Well, no nah

Sitting tight with my black jeans on  
And I'm paralysed make your way toward the sun  
Got the palest soul you ever seen oh darling  
You mightn't be the one  
Sitting tight with my curly hair  
Making your way with that sheepish stare  
Said are you real do you feel are you there?

Ashes to ashes  
And the embers I blaze  
Oh, I gotta rise amongst you, though  
And I think about your face every day  
But you pull me closer to the light  
You wouldn't find the bullets inside  
Only if you magnified

Welcome to the jungle  
Are you gonna dance with me?  
Welcome to the jungle  
You got to close your eyes and see  
Welcome to the jungle  
Are you gonna dance with me?  
Real or not  
Real or not
