

You People Freak Me Out

Tash Sultana

You don't always get what you want
And I don't always like what I need
But I won't succumb myself to your pettiness and greed, no
I don't always like what I see
I make the changes necessary to re-evaluate me
I keep my opinions to myself cause I don't see the point in
How we been takin' our

Pills to make us better
And fads to make us thinner
And now we're skipping out on your mother's home cooked dinner
Got trends to make us cooler
Cancel culture tried to cut ya
Can someone tell me why are we living like this

You really freaking me out
And I don't like the vibe you bring
I'm not one to stand down
But I don't like to cause a scene
Cause people ruin everything for me

You really freaking me out
And I don't care what they try to say about me
I'm not one for a crowd
And I don't like to cause a scene
Cause people ruin everything for me

I don't always see what is real
I make deals with the devil to really show me how I feel
I keep my visions to myself cause I don't see the point
How we been takin' our

Pills to make us better
And fads to make us thinner
And now we're skipping out on your mother's home cooked dinner
Got trends to make us cooler
Cancel culture tried to cut ya
Can someone tell me why are we living like this

You really freaking me out
And I don't like the vibe you bring
I'm not one to stand down
But I don't like to cause a scene
Cause people ruin everything for me

You really freaking me out
And I don't care what they try to say about me
I'm not one for a crowd
And I don't like to cause a scene
Cause people ruin everything for me

I'll wait for, you, you, baby
I'll wait for, you, you, baby
I'll wait for, you, you, baby
I'll wait for, you, you, baby
