

I'm on a 787 on the way back to you  
And I never thought this would be this hard  
No one understands the pain like I do  
But it's only for a while

I guess I, mmm  
It's only for a while, yeah  
I guess I  
I guess I

I don't need to think about the time (Mmm)  
But I'm just stuck here thinkin' 'bout the time (Mmm)  
I don't need to think about the time babe (Mmm)  
I'm just stuck here thinkin' 'bout the time, mmm (Mmm)  
Babe  
I'm on a 787 and I'm talking to you  
I used to think about the fun we had but now I'm so far  
You said no one's ever loved you just like I do  
But it's only for a while

I guess I (I)  
It's only for a while  
I guess I (I guess I)  
I guess I (I guess)

I don't need to think about the time (Mmm)  
But I'm just stuck here thinkin' 'bout the time (Mmm)  
I don't need to think about the time babe (Mmm)  
I'm just stuck here thinkin' 'bout the time, mmm (Mmm)  
Babe

I'm just stuck here  
I'm just stuck here thinkin' 'bout the time
