

Afterthought

Tash

Try to turn my pit falls into comedy
Naturally
You just think about
All the reasons you should up and leave
Feels concrete

But it's an afterthought
It's over now
And that's the last you'll hear me crying
No crying, yeah
It's over now
And that's the last you'll hear me crying, yeah

Acting like I got my shit together, please
Naturally
I'm just thinking 'bout
All the things I could do differently
Sympathy

But it's an afterthought
It's over now
And that's the last you'll hear me crying
Crying, yeah
It's over now
That's the last you'll hear me crying, yeah

That's the last time, oh yeah
Oh yeah, that's the last time
Oh yeah
