

Bite Back

Tash

Bite back
Hm-mm

I was fumblin', jugglin' this world inside my mind
All this time, just tryna learn to read between the lines
Oh, I broke down early, let all my failures hurt me
Got me all scared to go out on a limb and go chasin' the things that I can't
reach, no

(No) Don't wanna let it take the best of me
(No) I'm used to letting things toxicate me
(No) And now I feel like I can finally breathe
(No) Never wanted somethin' 'til ya

Bite back, bite back
Never wanted somethin' 'til ya
Bite back, bite back
Never wanted somethin' 'til-
Bite back, mm-hm
Bite back, mm-hm
Bite back, mm-hm-hm

I was thrown out so I slowed down, chopped up and left behind
I had to find a way out of the wreck and into the next
Built myself from scratch, all limbs attached, let go of all my this and tha
t's
I had to grow up fast, but I learned it ain't all bad
Bitten and bedridden, let me get rewritten, all of my pages have been ripped
out
Talk about makin' a statement, I know who I am and I'm ready to bite back no
w

(No) Don't wanna let it take the best of me
(No) I'm used to letting things toxicate me
(No) And now I feel like I can finally breathe
(No) Never wanted somethin' 'til ya

Bite back, bite back
Never wanted somethin' 'til ya
Bite back, bite back
Never wanted somethin' 'til-
Bite back, mm-hm
Bite back, mm-hm
Bite back, mm-hm-hm

I was so stupid to live like that
I was so stupid to live like that
I was so stupid to live like that, mm
I was so stupid, I was so stupid, ohh

Bite back (Bite back), bite back (Bite back)
Never wanted somethin' 'til ya
Bite back (Bite back), bite back (No)
Never wanted somethin' 'til-
Bite back, mm-hm (Bite back)
Bite back, mm-hm (Back)
Bite back, mm-hm-hm (Hm-mm)

Bite back

Mm
