

Days Ain't Done

Tash

I know my days ain't done

Drunk on you but I'm still sober
This love's got nowhere else to run
Said I'd call it quits but it's not over
Still livin' like my days ain't done

I know that you're not listening
When she talks, I see you're sinkin' in
To a world you keep beyond skin
Let me in

Give me a taste of your love
(Don't go lovin' somebody else)
I'm not afraid of your love
(Don't go lovin' somebody else)
Lovin' somebody else
(Don't go lovin' somebody else)
Lovin' somebody else
I know my days ain't done

Talkin' like I've lost control of
Every word that's slipping from my tongue
When I think about it I get caught up
Still living like my days ain't done

I know that you're not listening
When she talks, I see you're sinkin' in
To a world you keep beyond skin
Let me in

Give me a taste of your love
(Don't go lovin' somebody else)
I'm not afraid of your love
(Don't go lovin' somebody else)
Lovin' somebody else
(Don't go lovin' somebody else)
Lovin' somebody else
I know my days ain't done

Give me a taste of your love, just a taste of your
Give me a taste of your love, just a taste of your
Give me a taste of your love, just a taste of your
Give me a taste of your

Give me a taste of your love
(Don't go lovin' somebody else)
I'm not afraid of your love
(Don't go lovin' somebody else)
Lovin' somebody else
(Don't go lovin' somebody else)
Lovin' somebody else
I know my days ain't done
I know my days ain't done, babe
