

Dreaming

Tash

Hmm, oh
No, oh

Karma ain't my friend, we've lost touch
Thought we'd made ammends but we fell out
I'm not really proud of it
I'm not really mad about it
It only makes me wish I

Never had what I had
Never felt what I felt
I was only Dreaming

Karma took a solid bit of my heart
Ohh-ohh-oh, ayy
Made me step away, I'm just too far
I'm not really proud of it
I'm not really mad about it
It only makes me wish I

Never had what I had
Never felt what I felt
I was only Dreaming
Never had what I had
Never felt what I felt
I was only Dreaming

(Never had)
I was only Dreaming
(Never felt)
I was only Dreaming
(Never had)
Mm, I was only Dreaming

Karma sleeps with one eye open
(Never had, never had)
A night at the sea sends me bad omens
(Hmm, ooh)

I'm not really proud of it
I'm not really mad about it
It only makes me wish I

Never had what I had
Never felt what I felt
I was only Dreaming
Never had what I had
Never felt what I felt
I was only Dreaming
