

# From You

Tash

Mmm

Mmm

I'm going to try and sugarcoat it  
First things first I love you so  
It's not easy for me easy to compose this energy when you feel  
close (Feel close)

But you see it don't ya  
Oh I'm a fool and I am tryna dumb it down  
I can't unsee you in this light  
It's inevitable now  
I can't look you in the eye  
'Cause I know what I have found, found

What am I supposed to do  
Divulge everything too soon, mmm  
What am I supposed to do  
Guess I'll keep this from you, mmm

I'm not one to walk around and gloat  
But I think you could love me so, mmm  
But I care for [?] to share the most  
Waiting for you to disclose, mmm

But you see it don't ya  
Oh I'm a fool and I am tryna dumb it down  
I can't unsee you in this light  
It's inevitable now  
I can't look you in the eye  
'Cause I know what I have found, I have found

What am I supposed to do (Supposed to do)  
Divulge everything too soon, mmm (Too soon)  
What am I supposed to do (Do)  
Guess I'll keep this from you, yeah

Yeah  
Hey  
Ooh, from you  
Oh, from you  
Ooh  
From you  
Yeah, yeah, mmm
