

Glow Up

Tash

I wish that I was older
Don't want it to be over
And I wish that I could be seventeen
But live as if I'm still twenty-three
I wish I was more independent
I wish I had a few more pay checks
And I wish that I could be seventeen
With a mind that's been through everything

Mmm, eh, yeah
Eh, yeah
Mmm, yeah

If you wanna glow up, glow up
Then you better grow up, grow up
You can't have it all (Mmm)
You can't have it all
Glow up, glow up
Then you better grow up, grow up
You can't have it all (Mmm)
You can't have it all

I wish that I knew better
Than to overthink until my head hurts (Head hurts)
It's only 'cause I'm seventeen (Only 'cause I'm seventeen)
Soon I can't use that excuse for everything (Mmm)
I wish that I could still be youthful
The way I try, don't even care for no approval
Now I'm thinking like I'm seventeen (Oh-oh)
Put my worth into such stupid things (Mmm)

Mmm, yeah
Yeah, yeah
Yeah, yeah, oh

If you wanna glow up, glow up (If you wanna)
Then you better grow up, grow up (Grow up)
You can't have it all (Mmm)
You can't have it all (Oh)
Glow up, glow up (Glow)
Then you better grow up, grow up (Grow up)
You can't have it all (Mmm)
You can't have it all

You can't have it all
Mmm, you can't have it all
Mmm
Yeah
