

# Honestly

Tash

But I know it's there  
But I know it's there

I like it when you talk to me so  
Vulnerably and not cautiously

Unapologetically just as you are  
Nothing to hide for once  
I know I said that romance is suss  
But my fantasies have been redefined  
I know maybe it isn't right  
To feel this way, but maybe, we see eye-to-eye

Honestly, I'm quite a mess (Quite a mess)  
Even when I'm at my best (Mm-mm)  
Honestly, I can't express (Can't express)  
Exactly what I feel, but I know it's there (Mm-mm)  
But I know it's there  
But I know it's there

I like it when you're watching me so  
Intently, admirably

Unapologetically just as you are  
Nothing to hide for once  
I know I said that romance is suss  
But my fantasies have been redefined (Yeah)  
I know maybe, it isn't right  
To feel this way, but maybe, we see eye-to-eye

Honestly, I'm quite a mess (Quite a mess)  
Even when I'm at my best (Mm-mm)  
Honestly, I can't express (Can't express)  
Exactly what I feel, but I know it's there (Mm-mm)  
But I know it's there  
But I know it's there

How was I to know, how was I to know  
I would feel like this?  
How was I to know, know, how was I to know, know  
How was I to know I would feel like this?

Honestly, I'm quite a mess (Quite a mess)  
Even when I'm at my best (Mm-mm)  
Honestly, I can't express (Can't express)  
Exactly what I feel, but I know it's there (Mm-mm)  
But I know it's there  
Mm, but I know it's there

But I know it's there, there, ah  
But I know it's there
