

I Lied

Tash

Sacred serendipity, mmm, that's all I need
'Cause I'm in need of remedy to heal the blood I bleed
This mind of mine's in jeopardy
Don't speak with levity

'Cause recently I haven't been speaking my mind
Said I was happy I lied to you

I lied, I lied, I lied (I lied, I lied)
Couldn't be honest with you
But I tried, I tried, I tried (I tried, I tried)
To get the words to come through

My, oh my, I, I lied
My, oh my, I, I lied
I lied, I lied, I lied, I lied, I lied
Couldn't be honest with you
But I tried, I tried, I tried (I lied, I lied)

How do I erase my doubt?
It's chewing up my words
You say, "Finally, you're speaking out"
The bottle hears it first

Recently, I haven't been speaking my mind
Said I was happy I lied to you
Recently, I haven't been speaking my mind
Said I was happy I lied to you

I lied, I lied, I lied (I lied, I lied)
Couldn't be honest with you
But I tried, I tried, I tried (I tried, I tried)
To get the words to come through

My, oh my, I, I lied
My, oh my, I, I lied
I lied, I lied, I lied, I lied, I lied
Couldn't be honest with you
But I tried, I tried, I tried (I lied, I lied)

My, oh my, oh my (I lied, I lied, I lied)
My, oh my, oh my (I tried, I tried, I tried)
Oh baby
My, oh, my, I, I lied
My, oh, my, I, I lied

I lied, I lied, I lied, I lied, I lied
Couldn't be honest with you
But I tried, I tried, I tried (I lied, I lied)

I lied, I lied
I lied, I lied
I lied, I lied
My, oh my
