

# Oddity

Tash

And I love the way you see right through me and read my mind  
And I love the way you see into me before I even try

Tell you what the hell is bothering me  
Why you see me moving somberly?  
Always in and out of broken sleep  
'Cause I'm good fighting this oddity  
Changed my mind, said now it's changing me  
Can't revert to how I used to be, used to be

You say it all the time and you don't even know it  
You mean it every time, and the way you show it  
Say it all the time and you don't even know it  
You mean it every time

And the way you show it, yeah, yeah  
And the way you show it, mm  
And the way you show it, yeah, yeah  
And the way you show it, yeah  
And the way you show it, yeah, yeah  
And the way you show it, mm  
And the way you show it, yeah, yeah  
And the way you show it

And I know you'd never try to fool me  
Just changed my mind  
And you put me where you know I should be  
When I'm out of line (Out of the line)

Oh, when something's kinda bothering me  
When you see me moving somberly  
Always in and out of broken sleep  
'Cause I'm good fighting this oddity  
Changed my mind, said now it's changing me  
Can't revert to how I used to be, used to be

You say it all the time and you don't even know it  
You mean it every time, and the way you show it  
Say it all the time and you don't even know it  
You mean it every time

And the way you show it, yeah, yeah  
And the way you show it, mm  
And the way you show it, yeah, yeah  
And the way you show it  
And the way you show it, yeah, yeah  
And the way you show it, mm  
And the way you show it, yeah, yeah  
And the way you show it

I ain't got no oddities  
When I got you honestly  
I ain't got no oddities
