

One Time

Tash

Only took a second for your face to change the game
Only got a second but got twenty-four frames
Got my very own stop motion movie in my brain
Watch it back and forth to feel it all over again
Took so many years to make me question everything
Complacent with the way I thought connection shoulda been
Turns I have a catalyst to finally set me straight
Shown me what it's like to be accepted from within
Within, within
Within

I'm only gonna do this one time
Only 'cause you feel like sunlight
If we see the world with one mind
Baby you can have my one life
I'm only gonna do this one time
Only 'cause you feel like sunlight
If we see the world with one mind
Baby you can have my one life

Only took a moment for my heart to be displaced
Any kinda common sense, it quickly been erased
Thought I knew myself but had to reevaluate
If it weren't for you I might be still stuck in my ways
Took a lotta fear to myself out there again
Allowed myself to heal so I could give you everything
You were always patient and for that I wanna say
Thank you for the time you took to love me from within
Within, within

I'm only gonna do this one time
Only 'cause you feel like sunlight
If we see the world with one mind
Baby you can have my one life
I'm only gonna do this one time
Only 'cause you feel like sunlight
If we see the world with one mind
Baby you can have my one life

One life, yeah
My one life
My one life
My one life, yeah
