

# Overflow

Tash

You're still around  
Fakin' the shapes of cotton clouds  
I could say it's invasive how you're lookin' down  
Starin' back through the face of someone else

I overthink, overflow  
Overlove, I'm overthrown  
By little things like childish woes  
Losing the plot, it's all I know

Happily ever after  
Feels so far from real  
My disasters are comin' for me still  
Where do I go? (Where do I go?)  
Where should I run to?  
How do I know (How do I know)  
I can still find you?  
Where do I go? (Where do I)  
Where do I go?

You're sayin' things  
But someone else's lips are movin', rambling  
'Bout how you'll never get to choose the way ends meet  
Even fairytales are broken, how unsettling, mmm, oh

I overthink, overflow  
Overlove, I'm overthrown  
By little things like childish woes  
Losing the plot, it's all I know

Happily ever after  
Feels so far from real  
My disasters are comin' for me still  
Where do I go? (Where do I go?)  
Where should I run to?  
How do I know (How do I know)  
I can still find you?  
Where do I go? (Where do I)  
Where do I go?

I'm overflowin', overgrown  
With love too rich for seeds I've sewn  
I'm overflowin', overgrown  
With love too rich for seeds I've sewn

(Happily) Ever after  
Feels so far from real  
My disasters are comin' for me still  
Where do I go? (Where do I go?)  
Where should I run to?  
How do I know (How do I know)  
I can still find you?  
Where do I go? (Where do I)  
Where do I go?

Where do I go?  
Where do I go?

Where do I go?  
Where do I go?
