

# Pretty Dumb

Tash

I'm okay with being rough-faced  
And seeing myself still beaming  
Take it or leave it  
Self-love's a hiccup  
Gotten quickly sick of knowing to wake up  
Only to dress up  
Corduroy skirt, yesterday's shirt  
Smudged the mirror with my fingerprints  
Practice posture, staring at my waistline

Pretty pretty pretty girl  
You're pretty pretty pretty dumb  
(I think you're)  
Pretty pretty pretty girl  
You're pretty pretty pretty dumb  
(I think you're)  
Pretty pretty pretty girl  
You're pretty pretty pretty dumb  
(I think you're)  
Pretty pretty pretty girl  
You're pretty pretty pretty dumb  
(I think you're)

Women's got perfection fucked up  
You will never make your mind up  
Waste time on a timeline  
All for waistline  
If he likes you he will man up [?]  
You don't live in a mask girl  
Self-deprecation, over-complication  
Overflowing hatred, underestimated  
Struggling to embrace it, I suggest you face it  
I suggest you face it  
Girl, I think you're

Pretty pretty pretty girl  
You're pretty pretty pretty dumb

Caught up on stuff that don't matter  
Don't be dumb, don't be dumb
