

I'm lucky, now I'm about to fly
Fly outta here
Falling in the pockets of the sky
Like a fairytale

Dreams aren't just around
You don't have to put your faith in me, hm-mm
You can search yourself
I got all the stars aligned within me

So I'll get by
Get by, get by, get by
I'm following the light
Ain't got no precious time to waste
So I'll get by
While you're troubled in your life
I'm manifesting mine
Ain't got no precious time to waste

And listen to all these crazy things despite
How they felt (How they felt)
Don't regret it for a second now I'm high (High)
High, mm-mm

Dreams aren't just around (Just around)
You don't have to put your faith in me, mm-mm
(Put your faith in me)
You can search yourself (Search yourself)
I got all the stars aligned within me, me (Me)

Oh, so I'll get by
Get by, get by, get by
I'm following the light
Ain't got no precious time to waste
So I'll get by
While you're troubled in your life (Get by)
I'm manifesting mine
Ain't got no precious time to waste (Time to waste)

No, mine
To waste, no
