

Whatever, Mmm

You know I'd like to be alone with you
Not just on the phone to you
I think the opportunity to talk about our wants and needs
Is overdue
Nervous but I'm acting loose
Not lying, but I hate the truth
And in the end I'm always too afraid to make a move

I'm sorry, I'm sorry
Don't be in such a hurry
To cut me off and move on
To someone better whose got it together
You probably met her now
She's sleeping in all of your sweaters, whatever

Whatever, whatever
Whatever

I just wanna be yours
And see the look in your eyes
When all is gone
We've got us, so it's fine

Wanna be yours
Wanna be yours
Wanna be yours
Even if this love isn't wise

Ooh ooh ooh ooh
Ooh ooh ooh ooh
Ooh ooh ooh ooh
Ooh ooh ooh ooh ooh

So what is with your messages
Are your feelings definite?
I got a lot of hope for you
And you know I'm a pessimist
I'm trying to work out your intentions
With the bestest of my ability
Boy you make me feel at ease
But what if you are playing me

Don't tell me lovin' is your mission
When I've heard people sayin'
They been catching you fishin'
For all these women
You ain't finished
So maybe I take a minute to rethink
The position I'm in
It ain't the wisest thing

Whatever, whatever
Whatever

I just wanna be yours

And see the look in your eyes
When all is gone
We've got us, so it's fine

Wanna be yours
Wanna be yours
Wanna be yours
Even if this love isn't wise

Ooh ooh ooh ooh
Ooh ooh ooh ooh
Ooh ooh ooh ooh
Ooh ooh ooh ooh ooh

Whatever, whatever
Whatever

I just wanna be yours
And see the look in your eyes
When all is gone
We've got us, so it's fine

Wanna be yours, wanna be yours
Wanna be yours
Even if this love isn't wise

Ooh oh isn't wise
Oh oh oh oh oh oh
