

# At The Cross

Tasha Cobbs

I will fix my eyes  
On Calvary's hill  
Where my savior died  
So I can live

This great exchange  
Mercy for shame  
My past erased  
I'm born again

And I find everything I need  
At the cross, at the cross  
Where His grace  
It covers me  
At the cross, at the cross

When I saw the light  
My heart grew still  
Faith gave me my sight  
Now I can live

This debt I owe  
What can repay?  
My life laid down  
For all my days

And I find everything I need  
At the cross, at the cross  
Where His grace  
It covers me  
At the cross, at the cross

And I find everything I need  
At the cross, at the cross  
Where His grace  
It covers me  
At the cross, at the cross  
At the cross, at the cross  
At the cross, at the cross

And the burdens of my heart  
It was there by faith  
I receive my sight  
And I'm happier today

And I find everything I need  
At the cross, at the cross  
Where His grace  
It covers me  
At the cross, at the cross  
At the cross, at the cross

He did it for all of us
