

# I Still Choose You

Tasha Cobbs

I still choose You

Many big choices in life you'll make: who you love, where you live, who you'll be. But the greatest choice you'll ever make some of you still haven't made. Let's go

I've had a little  
I've had a lot  
Been to the bottom  
And I stood at the top

My cup's been empty  
And I've seen it overflow  
Anything I ever needed  
I knew where to go

Listen

People tried to tell me it's a waste to put my trust in Jesus  
I ain't saying it's easy  
Oh. But I know I can do it

I still choose You  
Choose You  
I will  
You over fortune and fame  
Over people knowing my name

I still choose You  
Choose You  
And if someone ever promised me the world  
I still choose You

I've had the applause of many people  
I've been to places some could only dream of  
That's not the treasure I been seeking  
'Cause I have a purpose  
I got a purpose  
For the King and His kingdom

People tried to tell me it's a waste to put my trust in Jesus  
And I ain't saying it's easy  
Oh. But I know, I know I can do it

People tried to tell me it's a waste to put my trust in Jesus  
And I ain't saying it's easy  
Oh. But you can do it

I choose You  
Come on  
You  
I will, I will  
Over fortune I choose You  
Over people knowing my name  
I still choose You

And if someone ever promised me the world

I'll still choose You

Everybody's chasing the glory and fame  
When the night falls they're left with sorrow and pain  
Come on  
I admit I stumble, my heart is to blame  
My heart is to blame  
But if all that I lose, You're still there that's why  
I still choose You  
Come on  
Choose You  
[?] in my heart  
You over fortune and fame  
Over people knowing my name  
I still choose You

And if someone ever promised me the world  
Thank You for choosing me  
I will still choose You
