

I Will Run

Tasha Cobbs

All I want is You
All I crave is You

I will run the race set before me
I will seek Your face as the prize of my life

I will run, I will run, I will run, I will run
I will run, I will run, I will run...

All I want is You
All I crave is You
All I want is You
All I crave is You

I will run the race set before me
I will seek Your face as the prize of my life
I will run the race set before me
I will seek Your face as the prize of my life

I will run, I will run, I will run, I will run
I will run, I will run, I will run...

All I want is You
All I crave is You
All I want is You
All I crave is You

My soul pants for God and God alone
My soul pants for God and God alone
My soul pants for God and God alone
My soul pants for God and God alone

And I will run, I will run, I will run, I will run
I will run, I will run, I will run...

All I want is You
All I crave is You
All I want is You
All I crave is You

My soul pants for God and God alone
My soul pants for God and God alone
My soul pants for God and God alone
My soul pants for God and God alone

I will run, I will run, I will run, I will run
I will run, I will run, I will run...

All I want is You
All I crave is You
All I want is You
All I crave is You

All I want is You
All I crave is You
All I want is You
All I crave is You
