

Sparrow

Tasha Cobbs

Lord, keep my feet on the straight and narrow
Lord, keep my eyes on the prize
Lord, keep my hope in the keeper of the sparrows
Surely You will be faithful all my life

And I will sing because I'm happy
I will sing because I've been set free
If He watches over sparrows
I know He won't miss a thing
Oh God, You've been so wonderful to me

Lord, be my faith through the valley and the shadows
And be my joy through the pain
Come be my song through the tears and the trials
I will rest upon goodness till the end

And I will sing because I'm happy
And I will sing because I've been set free, oh
If He watches over sparrows
I know He won't miss a thing
Oh God, You've been so wonderful to me

He's never lost sight of me
Never turned away from me, oh no
Through every high and low
Oh, I know He knows
He's never lost sight of me (Never turned away)
Never turned away from me (Oh, He's got His eyes on me)
Through every high and low
I know He knows (I know, yes I know)
I know that He knows
Oh
Gonna keep on singing
'Cause You're watching over me

I'll keep singing
I'll keep singing
'Cause You're watching over me
'Cause You're watching over me
I'll keep singing (Yes I will)
I'll keep singing (Woah)
'Cause You're watching over me (Oh, yes You are)
'Cause You're watching over me
I'll keep singing
Gonna keep singing ('Cause You're watching over me)
'Cause You're watching over me (Oh, yeah, yes You are)
Watching over me (Yes, You're watching over me)

Watching over me (Every single day)
Watching over me (If You're watching over sparrows)
Watching over me (I got an assurance)
Watching over me (You got Your eyes on me)
Watching over me (Hey, yeah, You've never left me alone)
Watching over me

And I will sing because I'm happy, oh, yes I will
And I will sing because I've been set free

If He watches over sparrows
I know He won't miss one thing, oh
Oh God, You've been so wonderful to me

If He watches over sparrows
I know He won't miss one thing
Oh God, You've been so wonderful to me
