

Safe Here

Tasha Layton

When I can't catch my breath
Pressed on every side
When all I want is rest
From burdens in this life

Lift up my head, look me in the eyes and
Tell me I am Yours

I am safe here
Let down my guard, fall in Your arms and
Stay here
I'm not gonna move 'cause when I'm with You I'm
Safe
Though I am broken I know that I am
Safe
So, so safe

I don't have to try
I'm effortlessly Yours
There's no need to fight, ooh
Help me trust You, Lord

I am safe here
Let down my guard, fall in Your arms and
Stay here
I'm not gonna move 'cause when I'm with You I'm
Safe
Though I am broken I know that I am
Safe
So, so safe

Lift up my head, look me in the eyes and
Tell me I am Yours, oh-oh-ohh
Lift up my head, look me in the eyes and
Tell me I am Yours
And You are mine
And I am loved

I am safe here
Let down my guard, fall in Your arms and
Stay here
I'm not gonna move 'cause when I'm with You, Lord
I'm safe
Though I am broken I know that I am
Safe
So, so safe here

I am safe, I am safe
Safe here
I am safe
So, so safe here
I am safe, I am safe
Oh, so safe
So, so safe (I am safe)

I am safe here
