

This Is Christmas

Tasha Layton

We have hoped
We have waited
Now a star
Has appeared
In the night
A baby cries
Our God is here

Praise the King
The Lord of Lords
He shall reign
Forevermore
Long awaited
Christ our Savior
Hallelujah
This is Christmas
This is Christmas

Strength of armies
Heaven's glory
In a child
Manger laid
Let us bow down
Let us worship
This messiah
Born today

Praise the King
The Lord of Lords
He shall reign
Forevermore
Long awaited
Christ our Savior
Hallelujah
This is Christmas
This is Christmas

The darkness starts running at the break of his light
His kingdom is coming and it bursts through the night
With songs of the angels now filling the sky
Our hope has arrived, our hope has arrived
The darkness starts running at the break of his light
His kingdom is coming and it bursts through the night
With songs of the angels now filling the sky
Our hope has arrived, our hope has arrived

Praise the King
The Lord of Lords
He shall reign
Forevermore
Long awaited
Christ our Savior
Hallelujah
Hallelujah
This is Christmas
This is Christmas
We sing hallelujah

Hallelujah
This is Christmas
