

# Uh Oh

Tata Young

Uh Oh  
Your kiss makes me go  
Uh Oh  
Your love makes me go  
Uh Oh  
Your body makes me go  
Oh Oh Oh Oh

So, you likin' the way that I rock my jeans  
And your eyes are buggin' out, checkin' out my baby T  
Even though you're just a little bit scared of me  
I can tell that your likin' what u see  
You're steppin' I'm stepping in the danger zone  
(So close) I can even name your fine cologne  
I can tell, that ya wanna wanna take me home  
But ya better be better than a normal joe

Boy can you read my lips  
Boy can you handle it  
Boy get up to it  
Better rise to it  
Better stay with it

Uh Oh  
Your kiss makes me go  
Uh Oh  
Your love makes me go  
Uh Oh  
Your body makes me go  
Oh Oh Oh Oh  
Uh Oh  
Your smile makes me go  
Uh Oh  
Your touch makes me go  
Uh Oh  
Your body makes me go  
Oh Oh Oh Oh

Can you look me in the eye if I blow a kiss?  
Can you keep up with the groove when I move my hips?  
You gotta go long if you wanna hit and miss  
Cuz it ain't good enough if it's hit and miss  
If your man enough go ahead and make your move  
If your steppin' up then you got a lot to prove  
Take a look at the hottest chick in the room  
If you can't last that's watcha gonna lose

Boy don't you know what's happening to me  
I didn't know that I can fall so easily  
Boy, I'm not sure what I'm feelin'  
Boy I don't care 'cause you're the one that's making me go  
Uh Oh...
