

Oh, like damn, look, my brother fight his bitch
So we 'bout to go to the club and get lit
Baddie, baddie, give her the date
Julio, Julio, she take a sip
And she said, "D.B, your voice different"
Her AMO whisper right in it

She give it up in the front of the sipper

If I rap it, then I lift it
We call her Tootie, what is a smoochie?
Grab a ball while you grab on the poochie
She know, I got the verno oozy
Thought I would bury the sweet of the twisty
Beat it up, she tell me to slow down
Percayon, and when I hit I go 'round
Took a trip to a block, shit ghost town
Push up on me with bail, we'll go down

Lil Thoot, she's hacking the lingo
We love the movies, regal, she know
Fools on top, we know
It get Jurassic, I give her the dino
Lil Thoot, she's hacking the lingo
We love the movies, regal, she know

Look, my brother fight his bitch
So we 'bout to go to the cup and get lit
Baddie, baddie, give her the dick
Julio, Julio, she take a sip

Her air, I'ma whisper right

Then she give it up in the front of the sipper
If I back, then I leave

I just got into a fight with my bitch
So I'm tryna see what Stuthi gon' get lucky tonight
Do her move but she do me so right
Take that ten-dollar fit off, bitch, don't get me tired
I don't seem, but shorty think she low
She a baddie, she told her, then she blow the pro
In her outfit
And shoot these hollas, take your soul in
Give me my flowers, I take niggas roses
She cannot get me and post me on IG
When I go outside, my shorty watchin'
She know I'm outside givin' bitches the cocky
I'm movin' too tight, no, I cannot move sloppy
She droppin' her opps while she suckin' the cop
Rolled up, my mother, I really go psycho

She bein' weird to me, I'm way down her throat
I be unpluggin', I know you be thuggin' and buggin'
You know I'm outside and I always be fuckin'

She step out of line, I'm callin' her mother
He think he tough, beat up her brother
I only text her, baby, I ain't fuck her

I promise to get one when she touch up my diamonds
Movie theaters reclinin', arches
Turn around, I can put pocket tight
If they push me, I start it
I got this rocket in my pants, no harder
And when I beat the box up, it be fartin'
Like, hey, one time I'm departin'
If I'm on her roster, I'm starin'
I need a rider like Gina and Ma

Look, my brother fightin' his bitch
So we 'bout to go to the club and get lit
Baddie, baddie, give her the dick
Julio, Julio, she take a sip
And she said, "D.B., your voice different"
Her ear, I'ma whisper right in her
She give it up in the front of the server
If I rap it, then I'll lift it
