Get the like like get the gwizop
Like like like get the gwizop

I got the g on my body let's bend through
I got different bitches that I attend to
It's so many nigga that gon be a pack
Cuz they dissing my gang on they wack instrumentals
You could die like the rest of them
You ain't special she think it's my dick it's the g it's the metal
She sucking dick I might give her a medal
Look at my chain it look like a medal

Inna spot a fuck body guard back up
Bro bro got some shit make em back up
Big 4s 1 one onna board never last up
Opps wanna diss it's because they got bad luck
Headpop one dead fuck the other
24 I'ma chill on his brother
Why niggas hate we got this out the gutter
If she not sucking no dick gotta done her
I'm not feeling bad either
My heart go out to tricks and the eaters
Mike jack I'm inna spot tryna beat her
I can fuck she a keeter
I'm like tata, where is the thooties, hoes, where is the bottles and models
StarB bugging tryna pop a bottle, no
No I'm not talking Moscato

She suck on my body mosquito
Two bitches Libra and Leo
He tryna creep he thinking I don't see him
But latto in the cut he push up the Leo
I'm in the party I'm sipping champagne
Like I got the g in my sweats
380 tucked in the gallery depths
I can't wait to see what opp I smoke next

Into bro tryna pick shit
Lessen the hitlist
Bro do not talk he just flick shit
24 it's tip in
If you not 4zz
It ain't no space you can't fit in
Like flock em down till his body diminish
5 hawken down out the v for the mission
We spin again and again wit persistence
Nigga, no I don't need no assistance

I got the g on my body let's bend through
I got different bitches that I attend to
It's so many nigga that gon be a pack
Cuz they dissing my gang on they wack instrumentals
You could die like the rest of them
You ain't special she think it's my dick it's the g it's the metal
