

# Don't Fall In Love LOL

Tate McRae

I hate you  
Couldn't get you off my mind  
I loved you  
Even though you only loved me sometimes  
Watched as  
Her texts they got longer than mine  
Thought I loved you  
Even though you only loved me sometimes

Fell head over heels  
Felt so ridiculous  
Forgot to feel  
Guess you were infamous  
Breaking the rules  
And doing the same with my heart

You could shake me, and break me  
I'm holding on barely  
Hate me, replace me  
I'll still find it scary  
If I were to find someone new  
But still fall asleep  
To the thought of you  
To the thought of you
