

working

Tate McRae

(We're not working, working, oh, oh)

It's a feeling that I can't explain
That I miss you more when I'm away
And I swear I've been counting the days
But when you're here I think I need some space

Well shit, we've always had good conversations
Or we used to
But I haven't been serious
Since high school
Maybe I'm the one to blame, mmm
But in real life it's not the same, no

But when I'm working (Yeah)
You're the only one that I want
But we're not working (No)
Yeah, I told you from the start
I'm not perfect
Yeah, that's why you like me so much
We're not working
We're not working
No

Ba da da, da da da
Ba da da, da da da-da
Ba da da, da da duh
Ba da da, da da da-da

You say all we need is time
(All we need is time, we aight)
I don't want to dim your light
But I can't say I'm an introvert (No I can't)
The timing's right, we just don't work
(Don't work no more)

Ooh ooh
I don't mean to be rude (Mean to be rude, no)
Still got a thing for you
But I gotta tell the truth, yeah

Ooh ooh
No more leading you on
That's wrong
So wrong

But when I'm working (Yeah)
You're the only one that I want
But we're not working (No)
I told you from the start
I'm not perfect, no (Yeah)
That's why you like me so much
But we're not working (Yeah)
We're not working
We're not working

Ba da da, da da da

Ba da da, da da da-da
We're not working, working, no (Ba da da, da da duh)
Ba da da, da da da-da
Ba da da, da da da
Ba da da, da da da-da
We're not working, working, no (Ba da da, da da duh)

Ooh ooh
I don't mean to be rude (Don't mean to be rude)
Still got a thing for you
I gotta tell the truth, oh (Uh)
No more leading you on, that's wrong
So wrong

When I'm working (When I'm working, no)
You're the only one that I want
But we're not working
(Shawty we're not working) I told you from the start
I'm not perfect (No)
That's why you like me so much (Yeah, yeah)
But we're not working (No)
We're not working
We're not working

Ba da da, da da da
Ba da da, da da da-da
We're not working, working, no (Ba da da, da da duh)
Ba da da, da da da-da (Tell, tell me what is wrong with ya)
Ba da da, da da da
(Oh) Ba da da, da da da-da
We're not working, working, no (Ba da da, da da duh)
Ah
