

I Got This

Tate Stevens

Got grease on my hands, my name on my shirt
Twelve hour days, ain't afraid to work
Who-oh-oh-oh-oh, I got this
Got dirt on my boots, mud on my truck
Long chain in the back if you get stuck, I got this

Whoa, ain't no load gonna get too heavy
Ain't no bolt on this old Chevy I can't twist
I can run the blade on a D8 'dozer
With the same hand I can pull you closer
Girl, if all you need's a long, slow kiss
I got this

I'll punch a clock when a week is gone
If you wanna have a little one on one
Who-oh-oh-oh-oh, I got this
If you wanna go out on the edge of town
Watch the sun go up or down, I got this

Whoa, ain't no load gonna get too heavy
Ain't no bolt on this old Chevy I can't twist
I can run the blade on a D8 'dozer
With the same hand I can pull you closer
Girl, if all you need's a long, slow kiss
I got this
Yeah baby I got this

Hey I'm a country boy, don't mean to brag
I'm all about God, our troops and the flag
If you got something to say about that
Who-oh-oh-oh-oh,
Who-oh-oh-oh-oh, I got this

Whoa, ain't no load gonna get too heavy
Ain't no bolt on this old Chevy I can't twist
I can run the blade on a D8 'dozer
With the same hand I can pull you closer
Girl, if all you need's a long, slow kiss
I got this
Oh baby I got this

Aw, let me handle it
