

## How I Got This Way

Taxiride

Sweep it under the rug  
Hurt the ones that you love  
I can't remember when or where  
Sit alone with the one  
Who shines her light on the sun  
A darker day now I have lost my way

You think I've changed, but I'm the same

If it really matters  
I'll do anything you ask me  
Doesn't mean I'm never gonna fall  
Wrap your arms around me  
Cause there is no need to disagree  
Set your mind on better days  
I don't know how I got this way

Breaking all of the rules  
Act like some kind of fool  
I'm on my own and you will never understand  
Building the walls around me

If it really matters  
I'll do anything you ask me  
Doesn't mean I'm never gonna fall  
Wrap your arms around me  
Cause there is no need to disagree  
Set your mind on better days  
I don't know how I got this way

Enough about me  
I've tried so hard  
Stuck in a hard place, let down your guard  
And soak in summer daze  
Trippin' with craze I close my eyes

If it really matters  
I'll do anything you ask me  
Doesn't mean I'm never gonna fall  
Wrap your arms around me  
Cause there is no need to disagree  
Set your mind on better days  
I don't know how I got this way
