

Lay Low

Tay-K

Bitch I'm kickin' down yo doe'
Everybody get on tha flo'
And, all these niggas hoes
Kickin' shit like Taekwondo
And lil Eli got Backdoe'
We gone come through the backdoe'
And all ya'll niggas lay low
This is a fanego
And Lil shawty from the east
And she like to drops 4s
And she don't want me finessin'
She want me to leave that alone
But she wanna hold my choppa
And take pictures on he phone
She say she love Lil Tay K
I paint pictures like Vango
And that nigga thought she was sweet
But its sour like my flow
And he mad at Juliet because I'm her Romeo
And I'm always with Lil pimp
Even when we was in jail
But they ain't call him pimp in there
They used to call in bail
And free Santana Sage
Cause he still locked in the cell
Why these niggas on my dick
Cause I got a pending case
And its ACNE on my jeans
But ain't no ACNE on my face
If you feel froggy then jump
If you feel needy then take
And that's all I gotta say
Wise words from Tay-K
(Gang)

Kickback, Kickback
Choppa its gon' kickback
Choppa, it go click clack
I'm lookin' for the piss pack
Kickback, kickback
Glock, its gon' kickback
Choppa, it go click clack
I'm lookin' for the piss pack
