Bend it over, he gon' give me an alignment

Got him stuck to my hand like a sidekick
Tay money with the fortune like I'm psychic

Call me white chocolate covered in some diamonds
I be in the hood posted up with my white bitch
How she got a problem but that hoe stay silent

Scary ass bitch, yeah I'm really serious

Taking off and I'm gone mehn, fast and furious

Hair long, money longer
He had a girl 'til he seen me, now he don't want her
Dolce and Gabbana, name Tay Money but they treat me like Madonna

Big wheels, big heels, he like how I do that

Hair long, money longer

Boss bitch, snap, snap
I could snap my fingers, put my city on the map
