Ooh you like to fuck me with the lights on baby
Wanna see me in HD like TV matrix
Like to be called good girl when I do amazing
Silhouette just broke a sweat while working on that body baby

Oh can you tell me, what do you see when you look at me?
Oh you're a fever dream, just like make believe right in front of me

So you should never ever
Not get what you want
You ate that, yeah you gave us
Breakfast and some lunch
No you should never ever
Not get what you want
Chile I'm just living
But it's giving cunt

I keep it 10s 10s all across the board
I'm seeing 10s 10s all across the board

Had ya favorite rapper out here feeling like a rockstar

Made the dog (woof) cause the pussy cat vicious
Fuck you like a mistress
Treat you like a wife, I been cooking in the kitchen
Tell her come join if ya baby mama bitchin'
