

Dirt

Tayla Parx

We could try but there's no use to me
You're not the one that you used to be
I know you're fuckin' around on me
I know you're fuckin' around (Woo)

But it's cool
'Cause I be doin' my dirt too, ooh
Ha, ooh yeah, ooh, I said, baby, it's cool
'Cause I be doin' my dirt too, ooh, hmm-mmm
We all got skeletons, we all got sidelines
We all got dirt
We all got skeletons, we all got sidelines
We all got dirt
We all got

These eyes, they've watered the seeds we lay
Those flowers you bought died yesterday
I guess I bloomed too fast for you
We could try, but there's no use
Don't worry, I won't drag you through the mud
Just call it settled like we threw the dubs, uh
No, I won't do you like you did me
I could've done your ass filthy

Oh, but baby, it's cool
'Cause I be doin' my dirt too, ooh
Ha, ooh yeah, ooh, I said, baby, it's cool
'Cause I be doin' my dirt too, ooh, mmm-mmm
We all got skeletons, we all got sidelines
We all got dirt
We all got skeletons, we all got sidelines
We all got dirt
We all got dirt
We all got dirt
We all got (Dirt)
We all got (Dirt)
