

## Disconnected

Tayla Parx

Sorry I can't hear you, baby  
Is there a miscommunication?  
Everything's lost in translation  
'Cause I never said it, no, this is nothing like it was  
Now even I got bad reception  
Or maybe a bad recollection  
Love's the biggest misconception  
You never know it ain't the one until it ain't the one

Did you say let's date or let's wait? (Wait)  
Did you say we straight or we ain't?  
Baby, it's like I'm catchin' every other word  
And it feels, and it feels like I

Disconnected, disconnected  
I can't call you back (oh, ooh, ooh)  
Disconnected (oh), disconnected (oh, ooh)  
I can't call you back (oh, ooh, ooh)
