

I Might

Tayla Parx

You had my curiosity
Now you got my attention
Boy all this generosity
Just might have a good girl slipping, yea
You see I don't mind gettin' lit at my own house
Please just don't be ashin' on my couch
And you can finad a Henny on the counter
Anything you want by the pound up

If you wanna then I wanna
If you wanna make a summer to remember
If you wanna then I wanna
Now I'm gonna give you something to remember
Just give me yours and I might
Give you something you gone have to remember
Just give me yours and I might
Give you summer even after December

The way I'm leanin' all up on you, probably
Got you wondering what all you can do, mmmm
Know you like a lot of attitude
Well I've got plenty some for for me and some for you
And I can tell you ain't on tattle tell what we might do
Baby I'm a southern girl, don't bite off more than you can chew
I do this and I do it well, tell me how bout you, huh?
How bout you, huh?

If you wanna then I wanna
If you wanna make a summer to remember
If you wanna then I wanna
Now I'm gonna give you something to remember
Just give me yours and I might
Give you something you gone have to remember
Just give me yours and I might
Give you summer even after December

If you wanna then I wanna
If you wanna make a summer to remember
If you wanna then I wanna
Now I'm gonna give you something to remember
Just give me yours and I might
Give you something you gone have to remember
Just give me yours and I might
Give you summer even after December
