

# Stare

Tayla Parx

Typical Friday night  
I just got off the mic  
And I've been letting my hair down  
On fire like a meteorite, oh but I

Just met a stranger  
Caused shit, I'm danger  
Just got my heart broken  
I promised myself some time  
Fuck that, I need contact  
Little bit of ah-ah  
So if you see something you like

It's rude not to stare  
Stare  
Lookin' at you, lookin' at me, go  
Stare  
If you see something you like  
It's rude not to

Don't wanna dance alone  
Just bought a brand new home  
And now I want you to come round  
And maybe get a little physical, oh I

Just met a stranger  
Caused shit, I'm danger  
Sucks to be heart broke  
'Cause I promised myself some time  
Fuck that, I need contact  
Little bit of lovin'  
So if you see something you like

It's rude not to stare  
Stare  
Lookin' at you, lookin' at me, go  
Stare  
If you see something you like  
It's rude not to stare  
Stare  
Lookin' at you, lookin' at me, go  
Stare  
If you see something you like  
It's rude not to stare  
Stare  
Lookin' at you, lookin' at me, go  
Stare  
If you see something you like  
It's rude not to
