

High Horse

Taylor Acorn

You've got a lot to say about somebody you've never met
(Hey, hi, how you doin?)
Do I look like I'm some dressed up storefront mannequin?
(You're right I don't have feelings)
Bet you'd love it if I caved and fought back
Maybe then you'd get all you wanted
Hiding in your momma's basement, it's sad
Wouldn't she be disappointed?

Who made you so cavalier? Go head stay inside
I'll keep on living out here
Pay no mind to all your hot takes and your trivial shit
In the big picture it's irrelevant
Hope your high horse throws you into a ditch
Yeah, I can forgive but karma never forgets Uh huh

Look, if I wanted to I could find a way to ruin your life
For good, drag your name through the dirt like you've been doin
g to mine
Damn it must be really lonely out there
Cause we know how misery loves company
Why don't you say it to my face or are you scared?
Dude you need some fresh air

Who made you so cavalier? Go head stay inside
I'll keep on living out here
Pay no mind to all your hot takes and your trivial shit
In the big picture it's irrelevant
Hope your high horse throws you into a ditch
Yeah, I can forgive but karma never forgets
Uh huh, uh huh, uhuh, karma never forgets
Uh huh. Uh huh, uh huh

Who made you so cavalier? Go head stay inside
I'll keep on living out here
Pay no mind to all your hot takes and your trivial shit
In the big picture it's irrelevant
Hope your high horse throws you into a ditch
Yeah, I can forgive but karma never forgets
Yeah I can forgive but baby karma's a bitch
Uh huh Uh huh, uh huh
