

Damage Control

Taylor Austin Dye

I'm doin' damage control
I'm doin' damage control
Gonna need that, gonna need that
I'm doin' damage control

Boots on the ground, I'm ready to go
When I come 'round, everybody knows
Shit's 'bout to go down
We 'bout to throw down
I look good and I sure feel good
I'm gonna let him think that he could
'Cause he's buyin' shots, but I'm callin' 'em
We ain't done 'til I say we're done

Done dancin', done drinkin'
Send that text and overthink it
Pay that tab that just about broke me
And put me down for bad karaoke
Unhinged and unstable
Drink these boys under the table
And when the morning comes, I know
I'll be doin' damage control

I'm doin' damage control
I'm doin' damage control
Gonna need that, gonna need that
I'm doin' damage control

Boots by the bed, but I'm still dressed
It's too early to fix this mess
Readin' my unread
Wish I could unsend
Don't look good, I sure don't feel good
I'd go back, stay home if I could
I'm dryin' out, yeah, I'm callin' it
Damn good run, but I swear I'm done

Done dancin', done drinkin'
Send that text and overthink it
Pay that tab that just about broke me
And put me down for bad karaoke
Unhinged and unstable
Drink these boys under the table
And when the morning comes, I know
I'll be doin' damage control

I'd rather ask for forgiveness than ask for permission
It sucks in the mornin', but I'm out here livin'
Rinse, repeat, and rock 'n' roll
I'm gettin' pretty good at damage control

I ain't done dancin', done drinkin'
Send that text and overthink it
Pay that tab that just about broke me
And put me down for bad karaoke
Unhinged and unstable
Drink these boys under the table

And when the morning comes, I know
I'll be doin' damage control

I'm doin' damage control
I'm doin' damage control
I'll be doin' damage control (Gonna need that, gonna need that)
I'm doin' damage control
Oh, damage control (I'm doin' damage control)
I'm doin' damage control
Gonna need that, gonna need that
I'll be doin' damage control
