

Come Alive

Taylor Bennett

Takes one to know one
Ain't no acting over
All that captain over

Days on days go by
Always has more fun outside
The Train stop, street lights
Lake shore drive
What a time 2 be alive
When the summer breeze hits u like a plane on a flight
Tee Shirt Skinny jeans & just like Virgil off white
Nicotine since a teen I knew one day I'd be Right
I'll risk it 2 Revisit close my eyes Roll the dice
Just 2 live it out twice

It's a party on the lake
Somebody opened the gates
We got some love we got some drinks
I got my friends & a eighth
Took The long walk home cause
Cause tomorrow's a race
Yesterday forgot wake up
Think my dreams dreams deserve a pay check
Its just another night no problems
I can promise 4 you
See its the simple things that help me make the most of you
Train Stop Street Lights & The Late night cruise
These Backwoods smoke good W/ The Roof down Too

Days on days go by
Always has more fun outside
The Train stop, street lights
Lake shore drive
What a time 2 be alive
When the summer breeze hits u like a plane on a flight
Tee Shirt Skinny jeans & just like virgil off white
Nicotine since a teen I knew one day I'd be Right
'Ll risk it 2 Revisit close my eyes Roll the dice
Just 2 live it out twice

Days on days go by
I tell myself that reminiscing helps pass my time
The old days got me playing memories in my mind
I wish that I can rewind my everything, anything stars realign
Times fly when
When your around
Cause My patience, is running down
She say now your famous
Don't leave me now
But my mind needs saving
Love helps me out

Days on days go by
Always has more fun outside
The Train stop, street lights
Lake shore drive
What a time 2 be alive

When the summer breeze hits u like a plane on a flight
Tee Shirt Skinny jeans & just like Virgil off white
Nicotine since a teen I knew one day I'd be Right
I'll risk it 2 Revisit close my eyes Roll the dice
Just 2 live it out twice

State Street Right off Rush
I use 2 break dance here with a girl I loved
With a Swisher Sweet 2 Match We Turn a dime Dub
Eventually infatuated w/ the Street Life's Love
In the fast lane
For the cash Game
Put it all at Risk
When we say names
And Remain Same
Is it all a glitch
What's a name change in the mainframe
When we don't exist
What left 2 Miss
On days like this DON'T call it Quits

Days on days go by
Always has more fun outside
The Train stop, street lights
Lake shore drive
What a time 2 be alive
When the summer breeze hits u like a plane on a flight
Tee Shirt Skinny jeans & just like Virgil off white
Nicotine since a teen I knew one day I'd be Right
