

## Kick Back

Taylor Bennett

Kick back when you hit that  
Let's talk about your problems  
Skeletons all in my closet  
All my friends' ash on the carpet  
It's a sunny day to run away  
Though some say they'll stop us  
Got a pound of weed, say it's all you need  
Let's fly over these mountains

Kick back when you hit that  
Let's talk about your problems  
Skeletons all in my closet  
My friends' ash on the carpet  
It's a sunny day to run away  
Though some say they'll stop us  
Got a pound of weed, say it's all you need  
Let's fly over these mountains

Kick back when you hit that  
Let's talk about your problems  
All these 40 ounces, no college  
Know it ain't scratch in my wallet  
I got words for your president  
And songs for your daughter  
I'mma runaway on a sunny day  
With a pound of weed and some water  
I had big dreams at 15  
Like most kids with problems  
Now my wrist bling, no entry  
But we walk in and pop bottles  
On the big screen like Disney  
If you dissed me then you saw it  
Got good weed, won't charge a fee  
But don't call it free cause I'm ballin'

Kick back when you hit that  
Let's talk about your problems  
Skeletons all in my closet  
All my friends' ash on the carpet  
It's a sunny day to run away  
Though some say they'll stop us  
Got a pound of weed, say it's all you need  
Let's fly over these mountains

Let's fly over these mountains

Smoke it up, roll it up  
I got the strongest stuff  
Smoking Alaska & Thunder Fuck  
I got the loud, I got the zah

I'm the dope man when it's no one up  
Pull up on you now  
Holding ya down  
Smoking a pound in the Tonka truck  
Round after round  
I roll the wood, make it portable  
Portal the pussy, go vertical  
She drop the top, no convertible  
I keepa knot and some pot in my corduroys  
She think I'm preppy, I'm serving these quarter Oz  
Shout out to Kodak, love green like them Florida Boys (Whoo)  
I ain't check in, I got the Rollie on me (Whooo)  
I ain't tapping out, I got a 30 on me (whooo)  
Zaza burning like it's global warming (Whoo)  
We gone kick back till the early morning

We hang out clothes out to dry  
Out to dry, just take your time  
We lost our minds through the sweat  
To the night we met, a perfect crime  
But now we kick back in this soundtrack, record player  
Skips 'cause we keep stomping on the fucking  
Doggone floor, babe your legs can't say no more  
I been here before, I been, I been here before

Kick back when you hit that  
Let's talk about your problems  
Skeletons all in my closet  
All my friends' ash on the carpet  
It's a sunny day to run away  
Though some say they'll stop us
